ANTI-STRESS

Helps improve sleep quality and manage high stress levels, enabling better physical and mental development. Recommended for anyone experiencing work, academic, or personal stress.

Components:

- Magnesium
- B Complex
- Electrolytes

For optimal effectiveness, it is recommended to administer once a week.

MYER'S COCKTAIL

Designed to boost your immune system, increase energy levels, and reduce inflammation. It promotes a sense of well-being, helping you feel better both physically and mentally.

Components:

- Magnesium
- Essential Amino Acids
- Glutathione
- Alpha Lipoic Acid
- Coenzyme Q10
- Vitamin C
- B Complex
- Electrolytes

For optimal effectiveness, it is recommended to administer once a week.

IMMUNE BOOST

Designed to strengthen your immune system and help you combat viral infections.

Its components will assist in maintaining optimal immune function.

Components:

- Glutathione
- Zinc
- Vitamin C
- Electrolytes

For optimal effectiveness, it is recommended to administer once a week.

GLOW SKIN

Our Glow Skin infusion therapy is designed to combat damage caused by pollutants and ultraviolet rays. It is ideal for regenerating skin tissues and enhancing radiance by stimulating collagen synthesis.

Components:

- Glutathione
- B Complex
- Electrolytes

For optimal effectiveness, it is recommended to administer once a week.

REVIVE

This restorative infusion is recommended after one or several nights of partying. It is the best hydrating and restorative solution for hangover episodes.

Recovery occurs immediately.

Components:

- Antioxidants
- B Complex
- Electrolytes
- Anti-nausea and pain medications
- Vitamin C

For optimal effectiveness, it is recommended to administer once a week

VITAMIN C BOOST

This infusion therapy is ideal for strengthening our defenses, preventing colds, and accelerating the healing process. Its primary component, Vitamin C, is a powerful antioxidant that can reduce and eliminate free radicals from your body.

Components

- Vitamin C
- Electrolytes

For optimal effectiveness, it is recommended to administer once a week.

ENERGY BOOST

Our Energy Boost infusion therapy is designed for individuals seeking to achieve their maximum performance.

Components:

- B Complex
- Vitamin C
- Electrolytes

For optimal effectiveness, it is recommended to administer once a week.

FIT BOOST

This infusion is designed to help reduce physical exhaustion, improve performance, and facilitate muscle recovery. It is ideal for athletes, individuals preparing for events or seeking recovery, and those experiencing difficulty recovering after exercise.

Components:

- Electrolytes
- Arginine
- Lysine
- Essential Amino Acids
- Carnitine
- B Complex

For symptoms such as:

- Physical Fatigue
- Muscle Pain
- Dehydration
- Slow Muscle Recovery

Intravenous Detox

Designed to combat oxidative processes, frequent colds, feelings of weakness, fatigue, and inflammation.

Components:

- Glutathione
- Alpha-Lipoic Acid
- Coenzyme Q10
- Bio Complex Trace Elements
- Essential Amino Acids
- Vitamin C
- Electrolytes

For optimal effectiveness, it is recommended to administer once a week.

IRON INFUSION THERAPY

Intravenous iron administration is used to treat iron deficiency in the body. This deficiency can be caused by various factors such as chronic blood loss, iron deficiency anemia, pregnancy, or an insufficient iron diet. This method of administration helps rapidly replenish iron in the body, which can improve overall well-being and increase energy levels.

FOR SYMPTOMS SUCH AS:

- Fatigue
- Weakness
- Dizziness or lightheadedness
- Brittle nails
- Headaches

Frequency of Administration: It is recommended on a weekly basis according to the patient's needs.

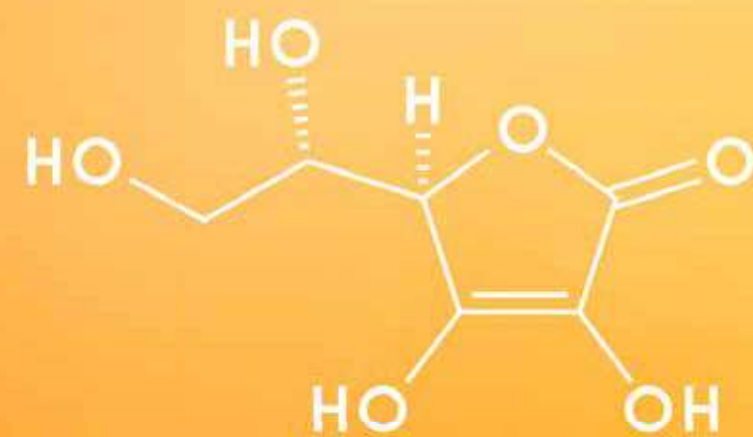

WEIGHT LOSS BOOST

Our latest intravenous therapy is designed for weight loss. This innovative formula includes MIC, an effective fat burner that enhances lipid elimination from the body, helping to reduce physical exhaustion and improve performance. It is ideal for those looking to lose weight, athletes preparing for events, and individuals seeking more efficient recovery after exercise. It has no side effects and does not require prior instructions.

- M: Methionine
- I: Inositol
- C: Choline
- Electrolytes
- B Complex

Vitamin C

Ascorbic Acid

MEGA DOSE OF VITAMIN C

Our Mega Dose of Vitamin C formula contains 50 grams of Vitamin C, aimed at optimizing your health and well-being with each application. Whether you are combating a cold or seeking to maintain your body in peak condition, this is the ideal choice for you.

The benefits of our formula include:

- **Strengthening the Immune System:** Ensures greater resistance against illnesses.
- **Effective Relief from Cold and Flu Symptoms:** Contributes to quicker recovery.
- **Collagen Production Boost:** Promotes radiant and healthy skin.
- **Increased Energy and Vitality:** Helps you face daily challenges with renewed vigor.

Elevate your well-being with our Mega Dose of Vitamin C and experience the benefits your body deserves. Your health will thank you.

CHELATION THERAPY

Ideal for eliminating heavy metals from the body, this therapy utilizes a compound called EDTA, which acts like a magnet that binds to heavy metals, forming complexes that are then excreted through the urine. In addition to detoxifying the body, it also enhances overall health and reduces the risk of diseases associated with heavy metal toxicity.

Components:

- EDTA
- Magnesium
- Electrolytes

HYDRABOOST

Designed to combat symptoms of dehydration and fatigue resulting from episodes of vomiting, diarrhea, flu, gastroenteritis, or excessive exercise.

Components:

- Saline Solution
- Electrolytes

For optimal effectiveness, it is recommended to administer once a week.

NAD

Discover NAD infusion therapy, an innovative option for revitalizing your cellular health and overall well-being. NAD, essential for cellular metabolism and DNA repair, promotes:

- **Increased Energy and Vitality:** Enhances cellular energy production.
- **Optimization of Nutrient Metabolism:** Improves the metabolism of key nutrients such as fats, carbohydrates, and proteins.
- **Cognitive Function Enhancement:** Boosts mental clarity and concentration.
- **Antioxidant Protection:** Shields against free radicals and oxidative stress, preserving cellular health.

Experience a renewed sense of well-being and reduced stress. While research continues to evolve, consult with medical experts to explore if NAD infusion therapy is suitable for you and to achieve the best possible results.
